

FOR IMMEDIATE RELEASE

WOODBURY, NEW YORK - May 10, 2016 (PRESS RELEASE) – Dr. Michael Lazar, owner and partner at [Cosmetic Dentistry of Long Island](#) (CDLI), a leading cosmetic dentistry office on Long Island, has been recognized as a “Doctor of Distinction” by [Long Island Pulse Magazine](#), the largest magazine on Long Island that covers Long Island business, entertainment, arts, dining and lifestyles.

Doctors who are considered for this award, are nominated by fellow Long Island Physicians. Ten of the top peer-nominated doctors will be honored at a reception hosted by the magazine following the release of their May issue. Long Island physicians are encouraged to nominate peers they consider to be “the best” based on their expertise, ethics, success and knowledge in their respective areas of practice. Finalists are selected based on the highest number of nominations received and for having distinguished themselves by advancing philanthropic and professional causes.

“It is a great honor to be recognized as one of Long Island’s leading doctors,” says Dr. Michael Lazar. “Our entire practice is always striving to provide exceptional services to our patients and give back to the community, so it is extremely gratifying to be recognized.”

Long Island Pulse features the special Doctors of Distinction section annually in its May issue, showcasing a qualified list and profiles of leading doctors, dentists and surgeons to provide readers with a concise segment to reference when choosing a doctor.

Dr. Lazar continues, “It is with great pride to share this distinction with nine other exceptional Doctors within their field of expertise. Congratulations to them as well.”
